INDEX TO VOLUME 42

PAGE

Acromegaly, roentgen-ray therapy of hypophysis in patient with..... 703
Agatston, S. A.: Changes in fundus oculi as definite index to arterial disease.... 455
Agranulocytosis (Schultz) and the agranulocytic complex 893
Albuminuria, lordosis as cause of postural.. 440
Alkalosis, in patients with peptic ulcer..... 79
Allan, W.: Inheritance of migraine..... 590
Allen, R. E.: Roentgen-ray therapy of hypophysis in patient with acromegaly; its effect on dextrose tolerance..... 703
Allergy, allergic hypothesis and bacteriology of rheumatic fever..... 301
atopy; blood calcium and gastric analysis 865
skin sensitivity of rheumatic subjects to streptococcus filtrates 784
Altshuler, A. M.: Gastric secretion; its alteration by use of atropine, epinephrine and pilocarpine..... 117
Andrews, E.: New clinical test for tissue thirst 776
Anemia, palm color test, method for diagnosis of plethora and..... 533
pernicious, edema and reduction in excretion of water..... 425
serums from normal and anemic persons, effect of, on growth of seedlings..... 909
tapeworm 313
Arquin, S.: Relation of reaction to epinephrine to potassium-calcium ratio and other ratios 256
Arteries, changes in fundus oculi as definite index to arterial disease..... 455
coronary, disease of, occurrence without gross cardiac hypertrophy..... 74
Arthritis, chronic, synovial fluid in..... 675
Artichokes, Jerusalem, utilization in diabetes 64
Asthma, bronchial, peptone treatment in... 368
Atopy: See Allergy
Atropine, alteration of gastric secretion by use of 117

Bach, C. T.: Experimental hypotension in rabbits 56
Bacillus, mucosus-capsulatus, septicemia due to strain of, in case of diabetes mellitus 331
Baráth, E.: Arterial hypertension and physical work 297
Presenile disturbances of blood pressure.. 379
Barker, M. H.: Cardiozol; some experimental effects of this drug on cardio-respiratory mechanism..... 14
Beattie, W. W.: Septicemia due to strain of bacillus mucosus-capsulatus group in case of diabetes mellitus..... 331
Bloedorn, W. A.: Danger of administration of ephedrine in heart failure..... 322

PAGE

Blood, behaviour of plasma chlorides in obstructive jaundice 491
chemical analyses of, in patients having senile cataract 376
pressure, arterial hypertension and physical work 297
pressure, electrocardiogram in hypertension 512
pressure, experimental hypotension in rabbits 56
pressure, presenile disturbances of..... 379
sugar, distribution of, between corpuscles and plasma in diabetic and in alimentary hyperglycemia 931
value of the Diazo test on..... 386
Bockus, H. L.: Simultaneous nonsurgical drainage of gallbladder and intravenous cholecystography 735
Body surface, area of, and measurements of normal heart..... 135

Book Reviews:

Blood and Urine Chemistry; R. B. H. Gradwohl and I. E. Gradwohl..... 955
Constitutional inadequacies: An introduction to the Study of Abnormal Constitutions; N. Pende..... 798
Dental Infection and Systemic Disease; R. L. Haden..... 454
Diabetic Manual for Patients; H. J. John 610
Hormone und Innere Sekretion; F. Laquer 608
Klinische Gasstoffwechseltechnik; H. W. Knipping and H. L. Kowitz..... 150
Krankheitslehre der gegenwart Strömgungen und Forschungen in der Pathologie seite 1914. Weisenschaftiche Forschungsberichte Naturwiss. Reihe, Band XVII; G. Herxheimer..... 610
Lobar Pneumonia; L. R. Sante..... 956
Local Immunization; A. Besredka, Translated by H. Plotz..... 454
Low Blood Pressure: Its Cause and Significance; J. F. Halls Dally..... 800
Modern Medical Monographs; H. Maclean 148
Operative Surgery; J. S. Horsley..... 955
Pathological Physiology of Internal Diseases. Functional Pathology; A. W. Hewlett. Revised in memoriam by his colleagues. With 164 illustrations..... 453
Pharmacotherapeutics, Materia Medica and Drug Action; S. Solis-Cohen and T. S. Githens..... 956
Practical Gastroscopy; J. Rachet..... 454
Questions Physiologiques D'Actualite; L. Binet 150
Sindromi neuro-ipofisarie; G. di Guglielmo 953

Book Reviews—Continued PAGE
Syphilis und innere Medizin, III. Die Syphilis des Zirculations- und Respiration-Traktes und der Innersekretorischen Drüsen. Syphilis und Blutkrankheiten; H. Schlesinger 453
The Brain from Ape to Man. A Contribution to the Study of the Evolution and Development of the Human Brain; F. Tilney 799
The International Medical Annual..... 610
The Mechanics of the Digestive Tract; W. C. Alvarez..... 609
The Medical Department of the United States Army in the World War: Training. Volume 7..... 609
The Medical Department of the United States Army, Volume 12. Part 1, Physical Reconstruction and Vocational Education. Part 2, The Army Nurse Corps 609
The New York Academy of Medicine Lectures on Medicine and Surgery. First Series 608
The Significance of the Physical Constitution in Mental Disease; F. I. Wertheimer 149
The Simple Goitre; R. McCarrison..... 607
The Treatment of Diabetes Mellitus; E. P. Joslin..... 956
Traite de Physiologie, Normale et Pathologique; G. H. Rogers..... 609
Tratado de la Diabetes; P. Escudero.... 607
Ueber Eirveisbeschrankung in der Behandlung des Diabetes Gravis; K. Petein 610
Bourne, W.: Effects of morphine and ether on function of kidneys..... 248
Bram, I.: Tolerance for quinine in exophthalmic goiter 53
Bronchomoniliasis; report of case from Porto Rico 500
Brunner, M.: Absorption of undigested proteins in human beings; absorption of unaltered fish proteins in adults..... 172
Buchbinder, W. C.: Experimental obstructive jaundice; age factor in production of bradycardia 743

Cajori, F. A.: Ingested creatine; its utilization and rate of excretion by arthritic and normal subjects..... 901
Calcinosis, scleroderma and..... 467
Cantarow, A.: Effect of parathyroid extract on certain factors underlying the production of edema..... 939
Cardiozol, experimental effects on cardiorespiratory mechanism 14
Carpenter, T. M.: Utilization of Jerusalem artichokes by patient with diabetes.... 64
Cataract, senile, chemical analyses of blood in patients having..... 376
Chloride, total concentration and acidity of gastric contents 106
Cholecystography, intravenous, simultaneous nonsurgical drainage of gallbladder and 735

PAGE
Christian, H. A.: Relapsing febrile nodular nonsuppurative panniculitis 338
Connor, C. L.: Generalized granulomatous lymphadenitis associated with diffuse progressive fibrosis of lungs..... 822
Cooksey, W. B.: Thyroid disease; an experimental study 1
Creatin, ingested; its utilization and rate of excretion by arthritic and normal subjects 901
Criep, L. H.: Atopy; blood calcium and gastric analysis 865
Curtis, A. C.: Production of renal injury in white rat by protein of diet; dependence of injury on duration of feeding, the amount of protein and kind of protein..... 801

Davidson, A.: Absorption of undigested proteins in human beings; the absorption of unaltered egg protein in adults 409
Dextrose, tolerance, comparison of effects of general diets and of standardized diets on..... 872
tolerance, roentgen-ray therapy of hypophysis in patient with acromegaly; its effect on..... 703
tolerance test; its use in determination of severity of diabetes mellitus..... 443
Diabetes insipidus, in xanthomatosis and the reticulo-endothelial system..... 611
mellitus, pancreatic activity in..... 560
mellitus, septicemia due to strain of bacillus mucosus-capsulatus group in case of..... 331
mellitus, statistical study of 2,000 cases 217
mellitus, use of dextrose-tolerance test in determination of severity of..... 443
mellitus, utilization of Jerusalem artichokes by patient with..... 64
Diarrhea, pancreatogenous fatty..... 352
Diazo Reaction, value of, on blood..... 386
Dickens, P. F.: Danger of administration of ephedrine in heart failure..... 322
Diet, comparison of effects of general diets and of standardized diets on tolerance for dextrose..... 872
protein, production of renal injury in white rat by..... 801
Diphtheria, electrocardiogram in..... 23
Duke, W. W.: Palm color test; simple practical clinical method for diagnosis of anemia and plethora..... 533
Durham, R. H.: Scleroderma and calcinosis 467
Dyas, F. G.: Syphilis of stomach; with special reference to certain diagnostic criteria 718

Edema, and reduction in excretion of water, in pernicious anemia..... 425
effect of parathyroid extract on certain factors underlying production of..... 939
Electrocardiogram, hypertension and..... 512
in diphtheria 23

PAGE

Emotions, gastro-intestinal reaction to the 282
Encephalitis, epidemic 151
Enteritis: See Gastro Intestinal Tract
Ephedrine, in heart failure, danger of administration 322
Epinephrine, alteration of gastric secretion by use of 117
relation of reaction to potassium-calcium ration and other ratios 256
Esophagus, ulceration of 521
Ether, effects of, on kidney function 248
Ewing, P.: Effect of administration of medicinal iron on iron reserve; an experimental study 600
Exophthalmos, in xanthomatosis and the reticulo-endothelial system 611
Eye, changes in fundus oculi as definite index to arterial disease 455

Feldman, M.: Ulceration of esophagus; experimental study 521
Forkner, C. E.: Synovial fluid in chronic arthritis; bacteriology and cytology 675
Freilich, E. B.: Lordosis as cause of postural albuminuria 440
Friedenwald, J.: Ulceration of esophagus; experimental study 521

Gaebler, O. H.: Alkalosis in patients with peptic ulcer 79
Galbreath, W. R.: Bronchomoniliasis; report of case from Porto Rico 500
Gallbladder, simultaneous nonsurgical drainage of, and intravenous cholecystography 735
Gastro Intestinal Tract, enteritis, uremia-uremic, experimental 835
reaction to emotions; rôle of the vegetative system 282
Gatewood, W. E.: Alkalosis in patients with peptic ulcer 79
Gershon-Cohen, J.: Simultaneous nonsurgical drainage of gallbladder and intravenous cholecystography 735
Gibson, E. E.: Continued administration of iodide and other salts; comparative effects on weight and growth of body 579
Goiter, exophthalmic, tolerance for quinine in 53
Gold, H.: Prevention of experimental exudates by parathyroid hormone (Collip) 576
Goldblatt, H.: Peritonitis; production of active immunity against fatal outcome of experimental fecal peritonitis 415
Gordon, B.: Effect of parathyroid extract on certain factors underlying production of edema 939
Gorham, F. D.: Total chloride concentration and acidity of gastric contents; a comparative study 106
Gustafson, F. G.: Effects of serums from normal and anemic persons on growth of seedlings 909

PAGE

Hanzlik, P. J.: Continued administration of iodide and other salts; comparative effects on weight and growth of the body 579
Heart, age factor in production of bradycardia in experimental obstructive jaundice 743
area of body surface and measurements of normal heart 135
circulation, review of technical methods of demonstrating; modification of celluloid and corrosion technic 846
danger of administration of ephedrine in heart failure 322
Henner, K.: Epidemic encephalitis; as observed at the first Czech Medical Clinic in Prague 151
Horiuchi, K.: Pancreatic function; pancreatic activity in diabetes mellitus 560
Hueper, W. C.: Agranulocytosis (Schultz) and the agranulocytic complex 893
Huffman, M.: Total chloride concentration and acidity of gastric contents; a comparative study 106
Hyperglycemia: See Blood, sugar
Hypertension: See Blood, pressure
Hypertrophy, cardiac, disease of coronary arteries without gross 74
Hypophysis: See Pituitary Body
Hypotension: See Blood, pressure

Imazu, T.: Pancreatic function; pancreatic activity in diabetes mellitus 560
Pancreatic function; quantitative estimation of pancreatic secretion 270
Immunity, production of active immunity against fatal outcome of experimental fecal peritonitis 415
Insulin, commercial, does it contain what hitherto has been called vitamin B? 766
Iodide, and other salts, continued administration of; comparative effects on weight and growth of body 579
Iron, medicinal, effect of administration of, on iron reserve 600
Irvine-Jones, E. I. M.: Skin sensitivity of rheumatic subjects to streptococcus filtrates; its relationship to rheumatic fever 784
Isaacs, R.: Effects of serums from normal and anemic persons on growth of seedlings 909
Tapeworm anemia; therapeutic observations 313
Iversen, P.: Pernicious anemia; edema and reduction in excretion of water 425

Jacobs, L.: Value of Diazo test on blood 386
Jaundice, bile acids in 916
experimental obstructive; age factor in production of bradycardia 743
obstructive, behaviour of plasma chlorides in 491

PAGE

John, H. J.: Diabetes, statistical study of 2,000 cases 217
Johnstone, B. I.: Toxicity of novasurol; its action on kidney of rabbit..... 189

Katayama, I.: Bile acids in jaundice.... 916
Keith, H. M.: Toxicity of novasurol; its action on kidney of rabbit..... 189
Kerr, H. D.: Some observations on scapulae of the Chinese..... 508
Kidneys, effect of morphine and ether on function of..... 248
production of renal injury in white rat by protein of diet..... 801
urea tolerance test; an index of renal function 877
King, J. T.: Secretin not a hematopoietic stimulant 762
King, S. E.: Urea tolerance test; an index of renal function..... 877
Kissane, R. W.: Area of body surface and measurements of normal heart; preliminary report..... 135
Kuramochi, K.: Pancreatic function; pancreatic activity in diabetes mellitus.. 560
Pancreatic function; quantitative estimation of pancreatic secretion..... 270

Levine, S. A.: Cardiozol; some experimental effects of this drug on cardio-respiratory mechanism..... 14
Levinson, S. A.: Relation of reaction to epinephrine to potassium-calcium ratio and other ratios..... 256
Lewison, M.: Lordosis as cause of postural albuminuria 440
Lisser, H.: Roentgen-ray therapy of hypophysis in patient with acromegaly; its effect on dextrose tolerance..... 703
Lobeline, alpha, as respiratory stimulant.. 180
Lordosis, as cause of postural albuminuria 440
Lueders, C. W.: Gastro-intestinal reaction to the emotions; rôle of the vegetative system 282
Lungs, progressive fibrosis of, associated with generalized granulomatous lymphadenitis 822
Lymphadenitis, generalized granulomatous, associated with diffuse progressive fibrosis of lungs..... 822
Lymphocytes, relative lymphocytosis in hyperthyroidism 419

McCullagh, E. P.: Parathyroid glands; their relationship to thyroid, with special reference to hyperthyroidism.. 546
McElroy, W. S.: Atopy; blood calcium and gastric analysis..... 865
Marshall, W. R.: Alpha lobeline as a respiratory stimulant..... 180
Mason, E. H.: Septicemia due to strain of bacillus mucosus-capsulatus group in case of diabetes mellitus..... 331

PAGE

Menkin, V.: Relative lymphocytosis in hyperthyroidism 419
Merbaphen: See Novosural
Metabolism, basal, and thyroid gland..... 47
Meulengracht, E.: Pernicious anemia; edema and reduction in excretion of water 425
Migraine, inheritance of..... 590
Miller, H. R.: Disease of coronary arteries; occurrence without gross cardiac hypertrophy..... 74
Mills, C. A.: Functional insufficiency of suprarenal glands 390
Morphine, effects of, on function of kidneys 248
Morrison, M. E.: Behaviour of plasma chlorides in obstructive jaundice..... 491
Muntwyler, E.: Alkalosis in patients with peptic ulcer..... 79
Myers, V. C.: Alkalosis in patients with peptic ulcer 79
Chemical analyses of blood in patients having senile cataract..... 376

Nakazawa, F.: Pernicious anemia; edema and reduction in excretion of water.. 425
Nathanson, M. H.: The electrocardiogram in diphtheria..... 23
Newburgh, L. H.: Production of renal injury in white rat by protein of diet; dependence of injury on duration of feeding, the amount of protein and kind of protein..... 801
Novasurol, toxicity of; action on kidney of rabbit..... 189

O'Brien, C. S.: Chemical analyses of blood in patients having senile cataract..... 376
Okada, S.: Pancreatic function; pancreatic activity in diabetes mellitus..... 560
Pancreatic function; quantitative estimation of pancreatic secretion..... 270

Palm Color Test: See Anemia
Pancreas, pancreatic activity in diabetes mellitus 560
pancreatogenous fatty diarrhea..... 352
quantitave estimation of pancreatic secretion 271
Panniculitis, relapsing febrile nodular non-suppurative 338
Parathyroid, extract, effect of, on certain factors underlying the production of edema 939
glands, relationship to thyroid with special reference to hyperthyroidism.. 546
hormone (Collip), prevention of experimental exudates by the..... 576
Peptic ulcer, alkalosis in patients with.... 79
ulceration of esophagus; experimental.. 520
Peptone, treatment, in bronchial asthma.. 368
Peritonitis, production of active immunity against fatal outcome of experimental fecal 415

PAGE

Peterson, W. F.: Relation of reaction to epinephrine to potassium-calcium ratio and other ratios..... 256
Pilocarpine, alteration of gastric secretion by use of..... 117
Pituitary Body, roentgen-ray therapy of hypophysis in patient with acromegaly 703
Plethora, palm color test; method for diagnosis of anemia and..... 533
Poston, M. A.: Synovial fluid in chronic arthritis 675
Proteins, absorption of unaltered egg protein in adults..... 409
absorption of unaltered fish proteins in adults 172
diet, production of renal injury in white rat by..... 801

Quinine, tolerance, in exophthalmic goiter 53

Rabson, S. M.: Value of Diazo test on blood 386
Ragins, O. B.: Lordosis as cause of postural albuminuria..... 440
Ramirez, M. A.: Peptone treatment in bronchial asthma..... 368
Ravdin, I. S.: Behaviour of plasma chlorides in obstructive jaundice..... 491
Respiration, alpha lobeline as respiratory stimulant 180
effects of cardiazol on cardiorespiratory mechanism 14
Reticulo-Endothelial System; xanthomatosis and the 611
Rheumatic fever, bacteriology of, and the allergic hypothesis..... 301
skin sensitivity of rheumatic subjects to streptococcus filtrates..... 784
Roentgen Rays, therapy, of hypophysis in patient with acromegaly..... 703
Root, H. F.: Utilization of Jerusalem artichokes by patient with diabetes..... 64
Rosenblatt, M. S.: Thyroid disease; an experimental study..... 1
Rowland, R. S.: Xanthomatosis and reticuloendothelial system; correlation of an unidentified group of cases described as defects in membranous bones, exophthalmos and diabetes insipidus (Christian's syndrome)..... 611
Sakurai, E.: Pancreatic function; quantitative estimation of pancreatic secretion 270
Scapula, of the Chinese, some observations on 508
Scleroderma, calcinosis and..... 467
Secretin, not a hematopoietic stimulant... 762
Seedlings, growth, effects of serums from normal and anemic persons on..... 909
Septicemia, due to strain of bacillus mucosus-capsulatus group in case of diabetes mellitus..... 331
Serums, from normal and anemic persons, effect of, on growth of seedlings..... 909
